

Because we lease a space within the Bradshaw Building, we are required to adhere their building managers' policies. Here are a few reminders while visiting Integrative trauma Treatment Center (ITTC) in the Bradshaw Building:

- ✓ Please utilize street parking as the parking lot is limited with only (2) visitor parking spots. Your vehicle will be towed without any warning to us by the building manager if you do not park in a "visitor" spot.
- ✓ No smoking within 50 feet surrounding the building, no exceptions.
- ✓ Please refrain from loitering on the front stoop or in the parking lot. Cell phone use is not permitted in the Bradshaw lobby, the front stoop or the parking lot. Within ITTC we may be able to provide a private spot for quiet cell phone use. If you have to make a phone call, please check in with Denisha, ITTC's Office Manager.
- ✓ No bikes in or around the building. We should have a bike parking rack available for use by the end of spring. For now, there is a bike rack one block north on 19th and Kearney, by the restaurant Commissary.
- ✓ Restrooms are locked. We have a key available in our office. Please check in with ITTC for the key.
- ✓ Service animals are the only animals permitted on the premises, no exceptions.

Thank you!
